TO WHO IT MAY CONCERN

This is to certify that Samarth Ketan Mehta, student of Fr. Conceicao Rodrigues College of Engineering – Computer Engineering, has undergone four weeks of internship from June 15, 2020 to July 11, 2020.

During the internship he worked on php mysql backend and played an important role in REFERRAL SCHEME MODULE. He showed a keen interest in learning and implementing the technologies in the best possible way. His knowledge on these technologies have sure increased under our guidance.

We would want to mention a special appreciation for his hard work and a note of complement on the work done on the live project given to him. His association with us was very fruitful and we wish him all the best in his future endeavors.
